Silver Sage needs new MOW drivers

By Amy Dee Hawley  
Special to the Prophet

Silver Sage is the sole provider of Meals on Wheels in Bandera County. Approximately 150 meals are delivered each day. Deliveries include Lakehills, Pipe Creek, Medina, Utopia, Hwy. 173 South, Hwy. 173 North, between Bandera and Pipe Creek, in the city of Bandera and other surrounding areas.

Some of these routes deliver to a large number of clients and they take a long time. One such route is being divided so there will be a new route that will need drivers. This route will include the Polly Peak/Bandera River Ranch areas.

Drivers will deliver once a week. It is also recommended that a driver have a “jumper” or someone who takes the meals to the clients while the driver prepares for the next delivery.

Friends, married couples, members of churches are encouraged to volunteer together. If you are interested in helping the seniors in Bandera County who are in need of a nutritious, delicious meal each weekday, please either call John Cressey-Neely at 830-796-4969 or stop by the

Silver Sage office at 803 Buck Creek Dr. near the Bandera High School.

Your contribution to this amazing program will not only help someone in need but also the rewards for yourself are immense!
