Generation Z and the World of Tomorrow

It is a whole new world out there and success starts here! Generation Z and our future are building a new and exciting lifestyle for themselves. Navigating this new frontier takes courage, fortitude, persistence and courage. This fun, energetic and interactive session is designed to update parents about the 21st Century workplace needs of the employer and the future employability needs of their child(ren). Parents will walk away with a better understanding of how they can empower their child(ren) to be the very best they can be and to build the skill sets to “sell” themselves as the best “products” on the market for any and all employers in the world.

Wednesday, Dec. 11, 9 a.m. to noon

Understanding Your Child's Full and Individual Evaluation (Webinar Only)

The Full and Individual Evaluation (FIE) paints a picture of your child's current strengths and needs as they relate to all aspects of their

education. The FIE drives your child's Individual Education Plan (IEP). In this training, we will explore the types of information presented in the FIE and what the information means for your child's education and related educational planning of special education services.
