Mobile CoViD-19 testing scheduled for Tuesday

By Jessica Nohealapa'ahi Goode
The Bandera Prophet

A mobile CoViD-19 test collection will be held on Tuesday, April 28, from 9 a.m. to 5 p.m., at Mansfield Park. There is no cost to be tested, however registration is required.

Registration will begin 48 hours - on Sunday, April 26, at 9 a.m. - before the site opens. Callers will be screened for fever and/or chills, cough, fatigue, body aches, shortness of breath, sore throat, headaches, nausea/vomiting/diarrhea, nasal congestion and loss of taste or smell.

Emergency Management Coordinator Carey Reed confirmed the fifth positive case in Bandera County yesterday afternoon. She said the latest patient is showing mild symptoms and has self-isolated at home. Of the five, four cases are active; one person has recovered, one case has moved out of intensive care in a San Antonio hospital, and the remaining are home.

To register, go to txcovidtest.org or call 512-883-2400. The tests on Tuesday will be conducted by appointment only.
