Animal rescue receives \$30,000 grant

By Donna Witt

Grant Writer & A Doggie 4 You Board Secretary

A Doggie 4 You in Pipe Creek is excited to share some great news with our community friends and animal lovers. The Hal and Charlie Peterson Foundation recently awarded our rescue a \$30,000 grant to assist with the renovations to the portable buildings for our rescued dogs.

With their generous grant we are able to finish renovations on the Puppy Building and the main Dog Rescue Building #1. We are tremendously grateful to their board members for helping make dreams come true.

We wish to thank Brian Oehler, the Hal and Charlie Peterson Foundation's general manager, for taking time to visit our rescue. We enjoyed meeting and showing him how far the rescue has come since purchasing the buildings in late 2018.

We have more to accomplish, but with the community's help and generous donations from foundations it will be amazing when completed!
