Dog rescue receives \$69,000 grant

10th Life Surgical Center dba A Doggie 4 You is extremely grateful and proud to announce receipt of a capital campaign project grant from the Perry & Ruby Stevens Charitable Foundation of Kerrville.

The \$69,000 grant, entitled Homes for the Homeless, will be used to build-out Building #2 at the dog rescue into 12 dog kennels and a staff office. The indoor kennels will have easy access to the dogs' outdoor kennels which are already in place.

The ultimate goal of this multi-year capital campaign is to move the rescued dogs from outdoor kennels where they were subject to the harsh Texas weather and into buildings which protect them from the spring rains, the summer heat, as well as the fall and winter cold. When the Dog Compound is complete, A Doggie 4 You will expand its capacity from 150 to 200 dogs, which helps reduce the number of stray dogs euthanized each year due to lack of shelter space.
