*The library's mission is to provide access to the world of ideas and promote life-long learning. It also functions as a community hub—a place for the increasingly diverse population of western Bandera County to come together to share ideas, information, knowledge and experience. In addition to occasional special public programs the library itself sponsors relating to topics of local interest (past programs have ranged from archaeology to digital photography to rainwater harvesting), it also hosts a variety of meetings, events and activities sponsored by other community groups.*
