The Bandera Prophet

The City of Bandera unanimously approved a resolution proclaiming Jan. 9-15 Public Works Appreciation Week. Public Works Director Lance Roy and utility worker Brian Gillaspie were honored during council's regular meeting on Tuesday, Jan. 3.

Giving Bandera's Public Works Department props, City Administrator William Cox said Roy, Gillaspie and the entire team responded to an emergency called in late on Dec. 24, wrapping pipes and working to restore and maintain services for city residents.

"When we were all enjoying family, they were in ditches full of water on Christmas Eve and Christmas Day," Cox said.
