Bandera Library Happenings

By Paul A. Phelan
Bandera Kronkosky Public Library Director

Howdy to All!
Thinking about picking up a new hobby or rekindling an old one? Check out the Watercolor Group. They meet each Monday, at 10 a.m. These talented artists are more than willing to share a few pointers with those so inclined.
Likewise, the Country Music Group meets every Wednesday, at 10 a.m. Pull out that guitar, fiddle or banjo that's been gathering dust and come on over to the library.
If you just want to meet some new people and have fun, check out our Adult Game Time each Tuesday, at 2 p.m. We have tons of games available for all interests. If we don't have it already, we can sure get it.
For tweens and teens one of our most unique programs is Girls that Code. This group meets every Thursday, at 4 p.m., and delves into the fascinating world of computer coding. So, if you have a young lady 9 to 13 years of age, this may be the perfect after-school activity.
Until next time, happy reading!
