Bandera County Fair Association receives generous donation

By Carita Jundt
Executive Director, Bandera County CVB

The Bandera County Fair Association is proud to extend our heartfelt thanks to our founding sponsors, Christi Hines and Louann Grothues, for their incredibly generous gift of $50,000. Their support marks an historic moment for our community that will ensure the Bandera County Fair returns after more than four decades, with the last fair having taken place in the 1980s.

This generous donation provides the foundation needed to begin bringing back a cherished tradition that will celebrate our county's youth, agriculture, heritage and community spirit for generations to come.

We are deeply grateful for Christi and Louann's commitment to Bandera County and their belief in restoring this important community event.
