Bandera Economic Development Corporation seeks proposals  
for Christmas Lights in the Park

The Bandera Economic Development Corporation is requesting proposals from local group(s)/organization(s) to be responsible for organizing and managing the 2020 Christmas Lights in the Park. Bandera EDC provides the lights for the existing designated displays. The selected group/organization will enter into a contract with the City of Bandera for the use of the City Park during setup (approx. Nov. 1-26), exhibition (approx. Nov. 27-Jan. 1) and teardown (approx. Jan. 2-16), which is approximately 3 months. Electricity is included in the contract with the City of Bandera. Bandera EDC is looking forward to reviewing proposals that think outside the box and will make 2020 Christmas in the Park a community event like we have never seen before. Request additional information via email at [banderaedc@gmail.com](mailto:banderaedc@gmail.com). Submit final proposals by August 31, 2020.
