Thank you

Thank you to our Bandera River Ranch neighbors, Tom and Patty. I am overwhelmed by the kindness they have given me.

Last [week's] storm caused a tree to break at the base and fall over our driveway. It hit the passenger door mirror, sliding down to the ground by way of the hood on my vehicle.

When Tom and Patty were walking the neighborhood the next morning they saw it and decided to knock on my door, because they wanted to help. The first thing he asked me was "Do you have a chainsaw?"

I replied, "Yes, but I am by myself today and won't have a way to remove it until later." Without hesitation he said, "I've got one and I'll be over this afternoon."

Twenty minutes later he was in the driveway with all of his own tools. He asked me to stay back so that I wouldn't get hurt and got busy. His wife came over and we picked up the pieces Tom cut and put them beside the gate of the fence.

THANK YOU! I promise to 'pay it forward', the kind deed that has been gifted to me.

May we all open our hearts to help each other just as my neighbors have blessed me.

Laura P.
